

Emulsify. Simplify. Purify.

Why are so many people convinced A.C.E. is the most powerful water-based ink cleaner in the industry? They've seen it in action. Some operators even consider it a deep cleaner. A unique flexographic anilox cleaner, A.C.E. emulsifies dried ink in seconds and simplifies preventive maintenance with a single, environmentally safe product for many uses. It's designed for the entire plant, from floors to presses to spray cabinet machines—for cleaning anilox rolls, doctor blades, printing parts, and plates.

A.C.E. delivers incredible results with virtually no harmful elements:

- Attacks dried ink quickly without damaging anilox or equipment
- Does not swell polymer plates
- Reduces expenses with lower cleaning costs
- Cleans thoroughly without harming employees or the environment
- Contains no caustic chemicals and is non-corrosive
- Meets California compliance laws for low VOCs
- Reduces need for corrosive deep cleaners

Proudly Made in America

Cleaning any anilox system is affordable, fast, and simple with A.C.E., the powerful yet environmentally-friendly ink emulsifier.

Also works on UV inks.

FLEXO SHINE™

A.C.E. TECHNICAL DATA

A.C.E. is the best cleaner on the market for removing ink that's been dried for months on anilox rolls and equipment. Using the latest ink dissolution technology, A.C.E. breaks down new and old ink, effortlessly washing any ink away—including UV ink. A.C.E. is safe for employees and will not damage the paint on equipment. A.C.E. does not contain any caustic chemicals or nonylphenols and is biodegradable.

PERFORMANCE BENEFITS

A.C.E. has many excellent benefits:

- Contains only non-caustic and biodegradable elements
- Outperforms caustic solutions
- Breaks down and emulsifies ink
- Works safely around employees and on equipment
- Improves print quality

PHYSICAL PROPERTIES

The A.C.E. formula leads to safe physical properties:

- pH Neat: 13.28
- Specific Gravity: 1.01
- Total VOC: 40.9 g/L
- Color: Orange
- Odor: Citrus

AVAILABLE SIZES

A.C.E. is available in six different sizes:

- 1-Quart (0.95L), 12/1 Case
- 1-Gallon (3.8L), 4/1 Case
- 5-Gallon (19L)
- 15-Gallon (57L)
- 55-Gallon (209L)

A.C.E. INSTRUCTIONS

A.C.E. INSTRUCTIONS

Using A.C.E. is simple and fast:

1. Spray A.C.E. on heavy ink.
2. Allow ample time for the cleanser to penetrate the ink.
3. Rinse with fresh water.

FLEXO SHINE™ RECOMMENDATIONS

FOR PEAK PERFORMANCE WITH A.C.E., WE RECOMMEND THE FOLLOWING:

- Brush or rinse with high-pressure water.
- For lighter-duty cleaning, dilute A.C.E. with water to 50/50.

A.C.E. FIRST AID

SHOULD YOU NEED TO PERFORM FIRST AID RELATED TO A.C.E., WE RECOMMEND THE FOLLOWING:

- **INGESTION:** Drink two large glasses of water and seek medical attention.
- **SKIN:** Flush thoroughly with water and seek medical attention if irritation persists.
- **EYES:** Flush thoroughly with water and seek medical attention if irritation persists.
- **INHALATION:** Remove patient to fresh air and give artificial respiration.

Never give anything by mouth to an unconscious person. If patient is not breathing, ADMINISTER FIRST AID TREATMENT LISTED ABOVE, THEN CALL 1-800-851-7145 ext. 875 OR CONTACT A PHYSICIAN FOR FURTHER MEDICAL INSTRUCTION.
